

384 Well Plate, Laser barcoded

LF,384 well plate,designed to fit ABI /Life Technologies ® Cyclers
Natural, Box of 40 plates

This superior 384 well EU plate is designed to fit ABI and Life Technologies ® cyclers, optimized for robotic applications. Allows high-throughput and low-volume processing. Can be used in many 384 well block (q)PCR cycler models. See compatibility search engine at www.bioplastics.com. Plates are rigid, flat and stackable. Closure can be accomplished with one of the EU Seals (157300, 157200). Plates contain BPLPM technology.

Article: B70515LB

Colour: Natural

Quantity: box of 40

Frosted Products:

- Higher signal to noise ratios in qPCR
- Available for all type of qPCR vessels
- qPCR approved and identical raw material, high reproducibility

Laser Mark Products:

- Unique coded, irreversible
- Available for all types of qPCR vessels in frosted and white versions
- qPCR approved and identical raw material, high reproducibility

Extra low DNA binding tubes:

- Extreme high efficiency
- Low copy detection
- Maximum sample recovery
- qPCR approved and identical raw material, high reproducibility
