

## 384 Well Plate, Laser marked

LF,384 well plate,designed to fit LightCycler® 480 systems  
Natural, Box of 40 plates

This fully skirted 384 well EU plate is designed to fit Roche LightCycler® 480 systems. Optimized for robotic high-throughput applications. Can be used in many 384 well block (q)PCR cycler models. See compatibility search engine at [www.bioplastics.com](http://www.bioplastics.com). Plates are rigid, flat and stackable. Closure can be accomplished with one of the EU Seals (157300, 157200). Plates contain BPLPM technology.

Article: B71515L

Colour: Natural

Quantity: box of 40

Frosted Products:

- Higher signal to noise ratios in qPCR
- Available for all type of qPCR vessels
- qPCR approved and identical raw material, high reproducibility

Laser Mark Products:

- Unique coded, irreversible
- Available for all types of qPCR vessels in frosted and white versions
- qPCR approved and identical raw material, high reproducibility

Extra low DNA binding tubes

- Extreme high efficiency
- Low copy detection
- Maximum sample recovery
- qPCR approved and identical raw material, high reproducibility
