

96 x 0.1 ml Plate

LP,W,SEMI Sk,96 well plate (0.1ml), fits LightCycler® 480 systems
White, Box of 25 plates

These plates are designed for PCR and qPCR applications and specifically to fit Roche LightCycler® 480 systems. These plates fits also most (q)PCR cyclers models which accept low profile (LP) products. For qPCR we recommend the use of frosted products or white products. Alternatively Roche LightCycler® 480 systems can also be equipped with Shell Frame Grids assemblies or a combination of Roche 480 adaptor (B79480) combined with either cut-able plates (B60109-1) or Tear Off Tube Strip Mats (B59009). Closure can be accomplished with any EU 8-cap strip or Opti-Seal™. For qPCR closure the use of B57801, B79701-1 or Optical Tear Off 8-Cap Strip Mat is recommended. See compatibility search engine at www.bioplastics.com.

Article: B17489

Colour: White

Quantity: box of 25

Low Profile Products:

- Optimized for qPCR
- Fits all cyclers with height adjustable lid
- Fits all fast cyclers
- Fits all 0.1 ml cyclers
- qPCR approved, identical raw material, high reproducibility

Extra low DNA binding tubes:

- Extreme high efficiency
- Low copy detection
- Maximum sample recovery
- qPCR approved and identical raw material, high reproducibility
